

INVITATION FOR RAMBAM'S 80TH ANNIVERSARY SUMMIT and GALA

May 27-29, 2018

This year Rambam Health Care Campus is celebrating 80 years of achievement in medicine and research—impacting past and future generations, the State of Israel, and the global community.

The 2018 Rambam Summit will be a memorable and inspirational event honoring eight decades of medical and scientific excellence through the lens of history, revealing an exciting tomorrow that you have helped us create. You will discover the depth and breadth of Rambam's activities at a whole new level.

*Impact on a young Israel | Contribution to Israel as a start-up nation |
Role in War and Peace | Influence on the world of medicine*

This is a not-to-be-missed event that will include all of the activities you've come to expect—but with a new twist as we examine the past with our eyes fixed firmly on an exciting future limited only by talent and imagination.

- ◆ The Health of Tomorrow Conference:
80 Years of Achievement for Humankind
- ◆ Briefings with Rambam's world-renowned medical professionals
- ◆ A unique gala evening with the entire Rambam family, celebrating our incredible past, exciting future, and some of the people who have inspired us along the way—our 2018 Rambam Award recipients

Eighty years of
Excellence, Innovation
and Humanity
